DISPOSABLE POD

SPECIFICATIONS
Commercial Name: FLARE HYPERBAR RELOAD
Brand Name: FLARE
Model Name: HYPERBAR RELOAD
Product Dimension: 66.95x49.95x26mm
Type: Disposable Pod
Ingredients: Propylene Glycol, Vegetable Glycerin, Natural & Artificial flavors and Conventional Freebase Nicotine.
Nicotine Content: 150mg Conventional Freebase Nicotine
Nicotine Concentration: 15mg/mL Conventional Freebase Nicotine
Nicotine Volume: 10mL e-Liquid
Coil Resistance: 1.16ohm
Tank Material: PCTG
Pod Hardware Materials: Silicone, PC, ABS, PC+ABS, N50 NdFeB Magnet, Glass Fiber, Polymer Cotton, RF-4 Fibreboard
Food Allergen(s): N/A
Alcohol Content: N/A

Manufactured by: INFINITE-N TECHNOLOGY LIMITED
Address: No. 9, He Wang 2nd Road, Floors 1, 2, and 3, Sha Tou Community, Sha Jing Street, Bao'an District, Shenzhen
License: 5144030058

RECHARGEABLE BATTERY

SPECIFICATIONS
Commercial Name: FLARE HYPERBAR RELOAD
Brand Name: FLARE
Model Name: HYPERBAR RELOAD
Product Dimension: L86xW49xH26mm
Type: Rechargeable Battery
Capacity: 750mAh
Port: Type C
Minimum resistance: 0.58ohm
Maximum voltage: 3.5V
Watts: Low-power 11W, High-power 22W
Charging Voltage: 5V
Discharge Voltage: 3.2-4.0V
Charging Current: 500±100mAh
Battery Hardware Materials: Silicone, PC, PC+ABS, N50 NdFeB Magnet, Brass, EVA, 3M Glue, RF-4 Fibreboard, Pure Cobalt Battery.

Importer: APEX PACIFIC CORPORATION
Address: 846 Warehouse KLM West Service Road, Marcelo Green Village Parahaque City 1700
Assessment Number: A9-(I)-05-24-03473

INSTRUCTION:

How to use:

- Deactivate: Press the boost button 3 times within 2 seconds. The screen will flash 3 times and then turn off. The battery / device will be locked and unable to draw smoke.
- Activate: Press the boost button 3 times within 2 seconds. The screen will flash once, indicating the battery / device is unlocked and ready for use.
- Place the mouthpiece between your lips.
- Inhale slowly to activate the battery / device automatically.

Usage to be avoided:

- Avoid exposing the pod, battery / device to extreme heat or direct sunlight, as this can cause leakage or flavor changes.
- Keep the pod, battery / device away from water or liquids to prevent malfunctions and short circuits.

HANDLING AND MAINTENANCE:

Storage: Please store the product in a cool dry place. Keep away from direct sunlight and extreme temperatures.
Cleaning: Use a dry cloth or paper towel to clean the mouthpiece and other accessible parts of the device before using.
Waste Disposal:

- Detach the pod from the battery before disposal.
- Place the pod in a sealed container or plastic bag to prevent leaks, and dispose of it at an electronic waste disposal facility or as per local hazardous waste guidelines.
- Dispose of batteries at designated recycling points; do not discard them in household trash due to potential hazards.
- If recycling is not available, follow local regulations for disposing of electronic waste.

INFORMATION ON OPENING, RECHARGING, AND REFILLING.

OPENING:

- Carefully remove the pod and battery from the packaging, remove silicon from the mouthpiece and the sticker covering the airflow at the bottom of the battery.
- Check for any damage. If you find any, do not use the product and contact customer support.

RECHARGING:

- A Type-C charger is needed to connect to a power source before charging.
- When plugged in, the charging light at the bottom will turn on and stay lit. Once fully charged, the light will turn off.

REFILLING: Product is not refillable.

WARNING:

HEALTH WARNING: This product is harmful and contains nicotine which is a highly addictive substance. It is not recommended for use by nonsmokers.

This product is not recommended for pregnant women or people with cardiovascular problems. Using this product may damage the cardiovascular system and respiratory system, and may also lead to nicotine addiction. Do not swallow, keep out of reach of children, avoid prolonged contact with the skin.

IF SWALLOWED: Seek medical attention immediately.
IF ON SKIN: Rinse thoroughly with soap and water.
IF SKIN IRRITATION OCCURS: Seek medical advice or attention.
AGE RESTRICTION: Not for persons below 18 years old. Keep away from children and pets.
CHARGING: A Charger with different characteristics should not be used.
OVERHEATING: If the vapor product system becomes too hot during use or charging, stop immediately.

Always use the recommended charger and avoid chargers with different voltage or current specifications, as incompatible or unqualified chargers can lead to overheating, damage, or safety hazards. Do not use the device in hot environments, and allow it to cool down between uses.

This product may cause undesirable effects for both users and those around them. Please use it responsibly.

Potential adverse effects for the vaper and the persons in his/her entourage:

First-time users of vapor product systems may experience mouth irritation, dry throat, or coughing. If these symptoms persist for more than 48 hours or worsen, consult a doctor. Using a low nicotine strength can cause withdrawal symptoms such as irritability, anxiety, or sleep disturbances. Vaping may also affect those nearby, especially in enclosed spaces or individuals with respiratory conditions, allergies, or sensitivities. Use caution around children, pregnant women, and people with health conditions.

Possible Contraindications:

Propylene Glycol:

- May cause side effects in people taking certain medications like disulfiram or metronidazole.
- Could trigger allergic reactions in those with a history of allergies, eczema, or hay fever.

Glycerol:

- Increases the risk of dehydration in the elderly and those already dehydrated.
- Individuals with diabetes should use caution, as metabolized glycerol may cause minor hyperglycemia or glycosuria.

REMINDER:

If Flare hyperbar Reload is accidentally dropped, please make sure you check the following items before using it again:

- The pod and battery is intact and no parts are loose;
- No leakage of e-juice is found on the pod;
- The mouthpiece of the pod is not damaged.

If a visual inspection shows no signs of damage, you may proceed to use it.

Before use, clean the mouthpiece and other accessible parts with a dry cloth or paper towel.

The vapor product system shall not be used if cracked or deformed. Using a damaged product can cause leaks, malfunctions, or explosions. Always inspect the device and battery for damage before use. If any damage is found, discontinue use immediately and replace the defective item. Do not use the vapor product system if the tank is empty or nearly empty, or if you detect a significant change in flavor.

TROUBLESHOOTING:

Common Issues and Solutions

- **No Vapor Production:** Ensure the battery is fully charged. If the issue persists, the battery or the pod may need to be replaced.
- **Burnt Taste:** The pod may be running low on e-liquid or the internal coil could be damaged. Consider replacing the pod if the problem continues.
- **Leaking:** Make sure the pod is not exposed to high temperatures or direct sunlight. If leaking persists, it may be time to replace the pod.

FREQUENTLY ASKED QUESTIONS

How long can the battery and pod last?

- The Flare hyperbar Reload Rechargeable Battery has a validity period of 24 months.
- The Flare hyperbar Reload Disposable Pod has a validity period of 24 months from manufacturing date and 3 months after first use.

Replace the pod when it is empty, nearly empty, or if you notice a significant change in flavor. Regular replacement of the pod is essential to ensure optimal performance and safety.

- Please check the manufacturing date on the product you purchased and do not use it if it has exceeded its validity period.
- Can I refill the pod?
- No, Flare hyperbar Reload Pod are designed for single use and should be replaced when they are empty.
- Is it rechargeable? How do I know when the device is fully charged?
- Yes, when the battery is fully charged, 100% will be displayed on the device screen.
