

DISPOSABLE POD &
RECHARGEABLE BATTERY

USER MANUAL

DISPOSABLE
POD

SPECIFICATIONS

Commercial Name: FLARE NIMMBOX GO
Brand Name: FLARE
Model Name: NIMMBOX GO
Product Dimension: 51x22x60mm
Type: Disposable Pod
Ingredients: Propylene Glycol, Vegetable Glycerin, Natural & Artificial flavors and Conventional Freebase Nicotine.
Nicotine Content: 120mg or 150mg Conventional Freebase Nicotine
Nicotine Concentration: 12mg/mL or 15mg/mL Conventional Freebase Nicotine
Volume: 10mL e-Liquid
Coil Resistance: 0.94ohm
Hardware Materials: Silicone, PCTG, PC, PA, PET, SUS304 Stainless steel, Iron Chromium Aluminum, Neodymium Iron Boron
Food Allergen(s): N/A
Alcohol Content: N/A

Manufactured by:
Fuany Technology (Dongguan) Co., Ltd.
Address: Building 7, No. 224, Chang'an Section, Tai'an Road, Chang'an Town, Dongguan City, Guangdong Province, China
License: 5144190990

RECHARGEABLE
BATTERY

SPECIFICATIONS

Commercial Name: FLARE NIMMBOX GO
Brand Name: FLARE
Model Name: NIMMBOX GO
Product Dimension: 51x22x40mm
Type: Rechargeable Battery
Capacity: 700mAh
Port: Type C
Watts: 12W
Charging Voltage: 5V
Discharge Voltage: 3.3-4.2V
Charging Current: 500±50mA
Hardware Materials: PC, Neodymium Iron Boron, RF-4 Fibreboard, Polymer Li-ion battery.

Importer:
APEX PACIFIC CORPORATION
Address: 846 Warehouse KLM West Service Road, Marcelo Green Village Parañaque City 1700
Assessment Number: A9-(I)-05-24-03473

INSTRUCTION:

- How to use:**
- **Activation:** Attach the pod to the battery and inhale slowly to automatically activate the device.
 - **Deactivation:** The device automatically deactivates when not in use. Alternatively, you can remove the pod from the battery to deactivate the device.
- Usage to be avoided:**
- Avoid exposing the pod, battery / device to extreme heat or direct sunlight, as this can cause leakage or flavor changes.
 - Keep the pod, battery / device away from water or liquids to prevent malfunctions and short circuits.

HANDLING AND MAINTENANCE:

Storage: Please store the product in a cool dry place. Keep away from direct sunlight and extreme temperatures.
Cleaning: Use a dry cloth or paper towel to clean the mouthpiece and other accessible parts of the device before using.

Waste Disposal:

- Battery Removal and Disposal:**
- Detach the battery from the pod or device before disposal.
 - Dispose of the batteries at designated battery recycling points. Do not discard batteries in household trash, as they may be hazardous.
 - After detaching the battery, dispose of the pod or device at an electronic waste recycling facility or a designated collection point for electronic devices.
 - If recycling is not an option, dispose of the device as electronic waste according to your local regulations.
 - E-liquid Disposal:
 - Carefully empty any remaining e-liquid from the device.
 - Do not pour e-liquid down the drain or dispose of it in household trash. Instead, absorb it with paper towels and place it in a sealed plastic bag for disposal.

INFORMATION on OPENING, RECHARGING, AND REFILLING.

- OPENING:**
- Carefully remove the pod and battery from the packaging, remove silicon from the mouthpiece.
 - Check for any damage. If you find any, do not use the product and contact customer support.

RECHARGING:

- A Type-C charger is needed to connect to a power source before charging.

REFILLING: Product is not refillable.

WARNING:

HEALTH WARNING: This product is harmful and contains nicotine which is a highly addictive substance. It is not recommended for use by nonsmokers.
This product is not recommended for pregnant women or people with cardiovascular problems. Using this product may damage the cardiovascular system and respiratory system, and may also lead to nicotine addiction. Do not swallow, keep out of reach of children, avoid prolonged contact with the skin.

IF SWALLOWED: Seek medical attention immediately.

IF ON SKIN: Rinse thoroughly with soap and water.

IF SKIN IRRITATION OCCURS: Seek medical advice or attention.

AGE RESTRICTION: Not for persons below 18 years old. Keep away from children and pets.

OVERHEATING: If the vapor product system becomes too hot during use or charging, stop immediately. Always use the recommended charger and avoid chargers with different voltage or current specifications, as incompatible or unqualified chargers can lead to overheating, damage, or safety hazards. Do not use the device in hot environments, and allow it to cool down between uses.

Possible Adverse Effects:

First-time users of vapor product systems may experience mouth irritation, dry throat, or coughing. If these symptoms persist for more than 48 hours or worsen, consult a doctor. Using a low nicotine strength can cause withdrawal symptoms such as irritability, anxiety, or sleep disturbances. Vaping may also affect those nearby, especially in enclosed spaces or individuals with respiratory conditions, allergies, or sensitivities. Use caution around children, pregnant women, and people with health conditions.

Possible Contraindications:

- May cause side effects in people taking certain medications like disulfiram or metronidazole.
- Could trigger allergic reactions in those with a history of allergies, eczema, or hay fever.
- Glycerol:
- Increases the risk of dehydration in the elderly and those already dehydrated.
- Individuals with diabetes should use caution, as metabolized glycerol may cause minor hyperglycemia or glycosuria.

REMINDER:

If FLARE Nimmbox Go is accidentally dropped, please make sure you check the following items before using it again:

- The pod and battery is intact and no parts are loose;
- No leakage of e-juice is found on the pod;
- The mouthpiece of the pod is not damaged.

If a visual inspection shows no signs of damage, you may proceed to use it. Before use, clean the mouthpiece and other accessible parts with a dry cloth or paper towel.

The vapor product system shall not be used if damaged. Using a damaged product can cause leaks, malfunctions, or explosions. Always inspect the device and battery for damage before use. If any damage is found, discontinue use immediately.

Do not use the electronic cigarette if the tank is empty or nearly empty, or if you detect a significant change in flavor.

TROUBLESHOOTING:

Common Issues and Solutions

- **No Vapor Production:** Ensure the battery is fully charged and that the pod is securely attached to the battery. If the issue persists, the battery or pod may need to be replaced.
- **Burnt Taste:** The pod may be running low on e-liquid or the internal coil could be damaged. Consider replacing the pod if the problem continues.
- **Leaking:** Make sure the pod is not exposed to high temperatures or direct sunlight. If leaking persists, it may be time to replace the pod.

FREQUENTLY ASKED QUESTIONS

How long can the battery and pod last?

- The FLARE Nimmbox Go Rechargeable Battery has a validity period of 18 months.
 - The FLARE Nimmbox Go Disposable Pod has a validity period of 18 months from manufacturing date and 3 months after first use. Replace the pod when it is empty, nearly empty, or if you notice a significant change in flavor. Regular replacement of the pod is essential to ensure optimal performance and safety.
 - Please check the manufacturing date on the product you purchased and do not use it if it has exceeded its validity period.
- Can I refill the pod?
- No, FLARE Nimmbox Go Pod are designed for single use and should be replaced when they are empty.
- Is it rechargeable? How do I know when the device is fully charged?
- Yes, when the battery is fully charged, 100% will be displayed on the device screen.
